Sept: 27 7

Gentl.

In reply to your letter of the 27th inst. I have to say that your complaint that silver deposit No. 107 was not as fine as you anticipated it to be, was referred to the Assayer, who reported that the above deposit was assayed by duplicate operations and found to be only .662 fine.

The report of the Assayer is the only authority the Treasurer of the Mint can recognize to determine the fineness of deposit.

Respectfully yrs.

Sept: 28 /

Sir

The enclosed circular issued by the Director of the Mint and by which we are governed in transacting business, requires that "we recognize no depositor but the person presenting bullion at the Mint & that no one connected with the Mint be allowed to make deposits."

In conformance with the encld. circular we issued the annexed receipt for deposit (which, you say, was forwarded by 1st Mail. Pkg. Lord City) in the name of J. Morrell Jr. Agent of Chelsea Express Co.

The only person, therefore, whom we can recognize as entitled to the above deposit is Mr. Morrell, to whom your order should be addressed.

Respectfully Yrs &
C. McCulloch, Cash.

Sir

Our letter of the 18th Sept. ult. having remained unanswered until the 19th inst. we concluded, that in the mean time ours had reached your bank.

The Agt of the Express Co. in this building will immediately forward your $500. in 5 Ct. pieces.

We regret the delay of which you complain & must refer it wholly to the Ex. Agent in your city. If desired, we will let you have $500 in 5 Ct. pieces immediately on the receipt of remittance. On account of the long delay of your former remittance, for which we are not responsible, we extend you this advantage over other depositors, who are required to wait 10 weeks before their orders are filled.

Respectfully yrs.

170

Dec: 10th 47

Sir

In reply to your letter of the 7th Inst. I have to say, that the variation in the fineness of your deposits arose from the different quantities of copper contained in them. Deposit in Oct: was 997 9½ fine & contained 159 parts of copper & that in Nov: was 837 fine & also contained a large proportion of copper.

Deposit now here contains 910 parts of gold & 26 parts of copper. Add to the fineness of the gold the parts of copper contained therein &

the result will be nearly the same, - the proportion of silver contained being also nearly constant. The amount of it is, that in some cases there is a larger proportion of copper introduced, either by the plates used for collecting the precious metals or the larger presence of copper in the matrix.

At all events we have taken every care to give you a true & faithful return.

Respectfully yrs.

Dec: 12th 7

Sir

Enclosed is receipt No: 300 of Thatcher Co: Ex: Co: for 300.323^{02} transmitted in payment of invoice No: 330 of gold bullion. I am informed by the Express Agt. Mr: Thompson, that some of your invoices are shipped in very insecure boxes, which require very delicate handling & constant watching. I would respectfully suggest, that they be strapped with iron, which will prevent their falling to pieces, as one containing portion of last invoice did

at the wharf. It would probably be mutually convenient for you to make boxes, that could be used interchangeably by both offices. We will make them any shape you may decide upon. The Freight Clerk informs me, that the above invoice was 2½ per short & that recently many invoices are short. You will please return corn bags by Adams Ex. Co: We have six boxes belonging to your office, which will be returned with the next shipment of corn.

Dec. 24th 1866

Sir.

Your Circular letter of 18th ult. date and enclosing my statement of taxes for the month of November is received.

The instructions relative to taxes in your Circular letter seem to conflict with those contained in the Circular of the Comptroller dated August 10. 1866 - which says "Every paymaster or disbursing agent however known or styled, who shall withhold such duties upon payments required to be made by him, shall render a true statement of the amount and details thereof, and shall return such statement with his accounts, as now required by laws and regulations." "He will, however, make no deposits of the amounts of said statements; but will as at present required by law, retain the amount thereof from his disbursements."

Will you please inform me more definitely to what this statement should be rendered?

Very Respectfully Yours

Sir.

Yours of Dec 30th is received. I have to inform you that the Agent of the Adams Express Co, failed to register your draft for $14000 at the time he received it, and consequently the Mint had no intimation of the remittance until advised by your letter of the above date. But as you should have to wait your turn under ordinary circumstances, which would be 8 weeks from the time your draft was received by the Mint, I will waive the rules in consideration of the delay caused by the error of the Express Co, and will forward you the Coins today. All future correspondence should be addressed to me.

Very Respectfully Yours

Jan: 23rd 1

Gentl.

The regulations by which I am governed in the receipt of bullion, require that the Mint recognizes no depositor, but the person presenting bullion at the Mint. Agreeably to this rule my receipt was issued to J. Morrell, Jr. Agt. Kinsley & Co's Exp. I would respectfully suggest, that you write to Mr. Morrell & request him to endorse receipt to Drexel & Co. & thereby save any further delay & expense. I would not make this

suggestion, were it not that Mr. Morrell holds receipts for, therefore, the only person we can recognize. I was not aware, that any charge other than the mere cost of transportation, was made against the Post by Exp: Agts. I have withheld payment to enable you to advise him what to do. I regret that it is not in my power to comply fully with your letter.

Respectfully yrs.

Febr: 6th 8

Sir I received on the 4th inst: a letter from the Hon: E. L. Smith 1st Auditor, requesting that my Ordinary Account current from July 1st to Dec: 31st 1867 be corrected so as to exclude the credit of Transfer Drft No: 7789 for $41.109 42/100 & also the charges against the same for "Transportation of Gold Bullion," "Purchase of Machinery" & "Purchase of Specimens & Ores, which, he states, fall under distinct appropriations

1 The custom has always been to charge expenditure for each of the above against the Ordinary Fund, without regard to the particular channel of expence. The precedent was adhered to to the close of the year 1867. To comply with the suggestion of the Auditor would involve much trouble & confusion in our accounts, which would have to be made out "de novo"

The rolls of the last six months, some of which are in the hands of the Dep't. will have to be changed & the vouchers

for the respective expenditures returned to this office, which according to our invariable rule of the Treasury Dept. is not permissible.

Respectfully yrs.

March 13th 8

Sir

In reply to your letter of the 10th Inst. I have to say, that the ores are accurately weighed, when barreled & that an accurate assay is made through every barrel. By keeping it on hand for a time it becomes a little lighter by the evaporation of moisture, & in the present case the loss in weight appears to be about 3½ pr. cent, (according to the statement of your letter,) compared with our weight. The assay of the lot in a dryer

condition than when pressed the assay will show a similar gain in quality say over 3 per. cent, or in other words the gain will be in proportion to the decrease of weight, the assay will have the same value as when it left our hands. This has always been our experience repeatedly confirmed by direct trials. In conclusion I have to say, that the claim cannot be allowed. The Director of the Mint will reply to that part of your letter in reference to California assays.

March 19 8

Sir We have as yet received only five boxes of nickel & the drayman stated, that there was no other to come. The numbers are not marked on the boxes, which are said to contain 600 lbs. each tare as charged at 1.2½ per. lb. gold. The aggregate weight of the five boxes is nearly 3.030 lbs. an average of 606 lbs for each box, including box. They cannot therefore, each contain 600 lbs. I assume,

that you clearly understand, that the purchase was made, as all other purchases of nickel have been made, viz: according to Mint assay & that the 1.20 is the price of a lb of pure nickel & not of a lb in gross. As nickel was to be delivered at 1.20 we cannot agree to pay the freight & cartage.

Respectfully yrs.

March 23rd 0

Sir

On the receipt of your letter of the 20th Inst: I ordered the five cases of nickel to be again carefully weighed & found that an error was made in the first weighing & that the weight reported by you is correct.

In the purchase of nickel I am governed by the Mint Assay & can pay you only $1.20 per pound for pure nickel. In all purchases of nickel I have adhered strictly to these terms & it is satisfactory

to you nickel will be assayed & bill will be ready for payment in about 6 days after the arrival of the last case. If you agree to accept the above terms you will please inform me at your earliest convenience.

Messrs Waller & Carter

114 & 116 Sp. 3rd St.

St. Louis.

March 3 d

Sir

Gold Deposit No: 348 embraced five different packages, which were assayed separately. The first package Assay No: 391 weighed 79 $\frac{24}{100}$ ozs.

The weight before melting was examined by two different Clerks & that after melting proves the former to be correct. Had weight been marked on package the discrepancy between the weights would have been

noticed. I have had the Accep numbers put on the memorandum.

April 1st 1

Sir

On the 21st of January ultimo Mr. G. C. Thompson, Agent of the Adams Express Comp. made a deposit of $163.22 said to be from Messrs. Wilson & Shober, the value of which is $163.22. Mr. Thompson, whom alone the Treas. can recognize as entitled to this deposit & from whom a bond of indemnity should be taken says, that he sent receipts to the above firm in Bremenborough, North

Carolina, endorsed to their order.
The printed regulations in relation
to the receipt of bullion for coinage
require that I "recognize no depositor
except the person presenting bullion at
the Mint." Mr. Thompson is therefore
the only person I can recognize as
depositor & entitled to duplicate receipt.

Respectfully yrs.

per: [illegible]

April 2nd 8

Sir

The weight 7 9 74 ozs. on Memorandum No: 348 issued by you, was examined by three different clerks & ascertained with the greatest certainty. The deposit was opened & placed in the weigh pan by your Agent & weighed by our clerks in his presence. It was then sent to the melting room & on its return was found to weigh 7 9 72 ozs. thus-taining a loss of only 2/100 of an oz. which conclusively proves the weight before mel-

-ming to have been correct. Any loss to
deposit must have occurred before it
was received at the Mint. Our clerks care-
fully abstain from handling deposits
before they are placed in weigh pan.

In conclusion I would say, that our
weights is correct, that we could have
made no serious mistake, as your cor-
respondent assumes, & that we gave you
true value of deposit.
